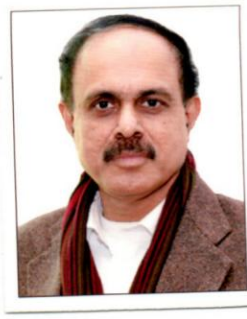
MESSAGE



The Micro, Small and Medium Enterprises (MSMEs) contribute significantly in economic and social development of the country by way of fostering innovation, entrepreneurship and inclusive growth. The MSME Sector is the second largest employer after Agriculture. The share of MSME sector in the manufacturing output and export is also significant. A sound, accurate and comprehensive database is a pre-requisite for sound policy formulation and its effective implementation for the benefits of people associated with the Sector.

In this backdrop, the Office of Development Commissioner (MSME) is bringing out this quarterly publication, which includes statistical data and analysis on registration of MSMEs thereof. The endeavour of a team of committed officers, who often raced against time and constraints, has resulted in successful completion of this task. They deserve appreciation.

I hope the information and database contained in this Publication will provide a credible source of MSME data to planners, academicians and other stakeholders.

FOREWORD

The MSMEs contribute significantly to employment generation, exports and inclusive development. According to National Statistical Office, the share of MSME sector in the country's total GDP during 2018-19 has been 30.3%. According to Directorate General of Commercial Intelligence and Statistics (DGCIS), the share of MSME related products in total exports during 2018-19 has reached 48%. Recognizing contribution of MSMEs in promoting balanced and equitable growth, Government of India has laid special emphasis on growth and development of this sector. One of the steps taken by the Government to promote the ease of doing business is enactment of Udyog Aadhaar Memorandum for simplification of process of MSME registration.

The quarterly report prepared on the basis of information available on the Udyog Aadhaar portal provides information on registration of MSMEs on various parameters such as gender, social category, major activity, investment and employment generated. This quarterly publication covers the registration data for the period from October 2015 to December 2019. Out of total registration of 83,70,447 MSMEs, 74,17,612 are registered under Micro Enterprises (88.62%), 9,17,096 under Small Enterprises (10.96%) and 35,739 (0.43%) under Medium Enterprises.

I would like to place on record my appreciation for hard work put in by all the officers and staff of Statistics and Data Division in my office, for analyzing the data and preparing this report in very short time.

Executive Summary

With a view to ensure ease of registration of MSME's, Ministry notified a simple one-page registration Form 'Udyog Aadhaar Memorandum' on 18th September 2015. The simplified one page registration form "Udyog Aadhaar" was finalized after consultations with the states and stakeholders. The salient features of the Udyog Aadhaar Memorandum include Single Page Online Registration-Mobile friendly, Self-Certification, No documents required and No fees for Udyog Aadhaar. This has resulted in substantial reduction in transaction cost involved in registration of the MSMEs.

2. Under the MSMED Act 2006, Micro, Small and Medium Enterprises (MSMEs) are classified as under:
